

Date _____

Name _____

Notes

What is your favorite LEGO part, set, etc. and why?

What do you like best about LEGO?

You have been given an unlimited number of LEGO parts and have been asked to design your own LEGO set. Describe what kind of set you would design. Include things like appearance, features, cost, etc.

Suggest at least three different names for our team. The challenge theme this year is Mission to Mars so you may want to use as a source for ideas, but don't let that stop you from use any other idea you may come up with. Creativity and uniqueness are the keys to a good team name.
